Thank you Kristine. I will present this information to the LWG Executive Committee and we'll get back to you as soon as practicable with an answer.

Thanks,

Jim McKenna

Subject: Portland Harbor - Core Profile Maps

Jim, based on our discussion, here are the RALs for Total PAHs and DDx. I've attached an email with the Total PAH RALs that EPA previously sent to the LWG on July 8, 2014. Also attached is the original RAL tables EPA provided to LWG in July 2011 with the DDx values, which are still the same. There are several more instances where EPA provided the DDx RALs to LWG, but I'm not going to search and include them all at this point. These are the RALs that EPA would like for Anchor QEA to develop core profile maps at the Portland Harbor site, similar to the PCB core profile maps. Please let me know if you agree to produce these maps.

Thanks,

Kristine Koch
